

Scissor-type lifting table

FHT - Mobile scissor lift platform with hydraulic lifting device and load-bearing capacity of 500 kg

- ▶ Robust steel design
- ▶ For flexible and comfortable working
- ▶ With an easy-to-operate foot pedal for raising the table hydraulically to the desired height
- ▶ Separate foot pedal for lowering the table
- ▶ Robust rollers with safety wheel guard and brakes on the two steering rollers for enhanced safety during loading and unloading
- ▶ The relief valve protects the operator and the pump

FHT 500

FHT 500

▶ Easy-to-operate hydr. foot pedal (FHT 500)

▶ Hydraulic lifting and lowering device

▶ Robust rollers with safety wheel guard and brakes on the two steering rollers for enhanced safety during loading and unloading

▶ Easy and conveniently operable table lowering (FHT 500)

Model	FHT 500
Art. no.	6150500
Technical Data	
Load-bearing capacity	500 kg
Platform dimensions	855 x 500 x 50 mm
Total length	1087 mm
Max. lifting height	900 mm
Min. platform height	340 mm
Grip height	805 mm
Pedal pushes for max. height	45
Roller Ø	127 mm
Weight	87 kg
